

FlightCase 2026

INTEREST
DRINKS

WHAT IS FLIGHTCASE?

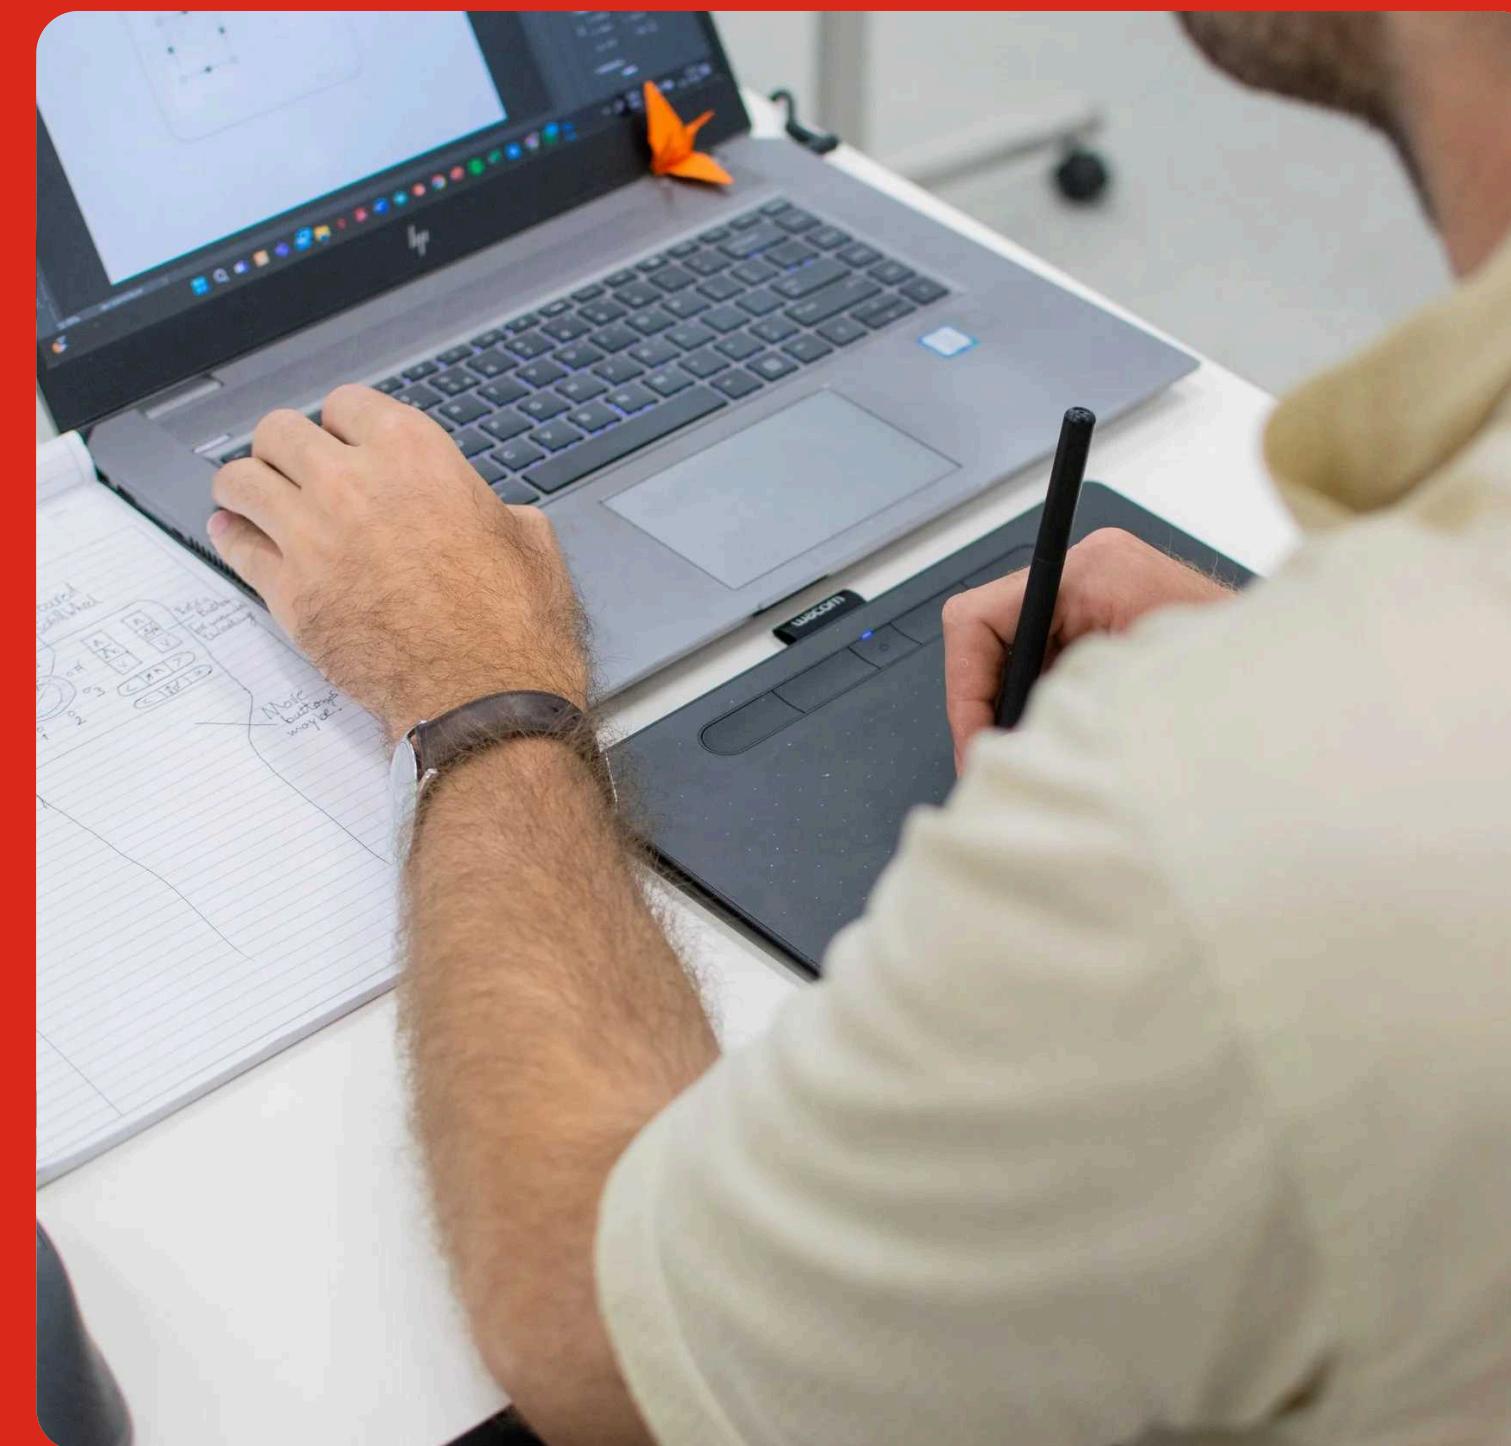

A hands-on, global design experience that builds your skills and confidence by blending design, collaboration and international exposure!

IDE faculty's annual international design programme, where 20 selected master's students and two accompanying professors travel abroad to collaborate with companies on real-world challenges.

PHASE 1 (FLIGHTCOURSE)

A working period in the Netherlands, where students work on the cases through in-depth context exploration and design practises.

PHASE 2 (TRAVEL!)

We get to visit the companies and learn from how they work on things like design and production. (Pictures from last years Flightcase JAPAN).

PHASE 2 (TRAVEL!)

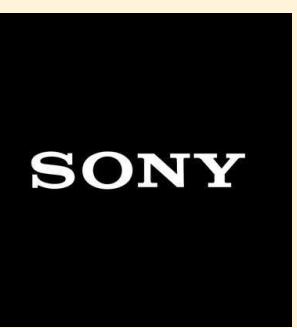

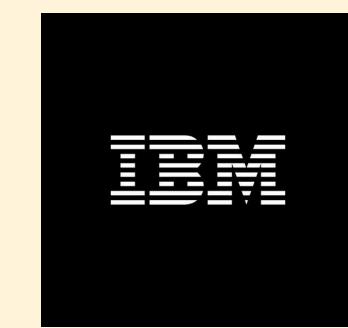

Present on your Research and design results and potentially have co-creation sessions where we can bundle our cultural knowledge to design!

Flightcase Through the Years: Past Destinations

PREVIOUS PARTNERS

WE THINK TAIWAN IS EVEN BETTER!

- **Like Japan but still low-key touristy!**
- **Beautiful Nature!** (Since Taiwan is a island you can have mountains hikes with ocean views)
- **Excellent Food:** only in the capital already over 160 Michelin Star restaurants!
- **Convience Stores** open 24/7 (and some are even themed).
- **Location:** Close to other asian countries.
- Amazing balance of cool cities, mountains and nature

Other GOOD TO KNOW's about TAIWAN

- **Safety:** Considered very safe!
- **Weather:** Summer = monsoon.. (25°C -35°C).
- **Traffic:** Very accessible and efficient.
- **Prices:** between €5 and €15 for a good meal.
(currently lowest in world for big mac index).
- **Language:** Mandarin, in tourist area's and
businesses english is understood. Most signs in
both languages, menu's maybe only in Mandarin
(Traditional Chinese characters)

SELECTION
PROCESS

PARTICIPANT SELECTION PROCESS

The goal of the participant selection process is to create a diverse, motivated and collaborative team. We want students with different backgrounds, perspectives, and skill sets come together, so the cohort can tackle challenges more creatively!

Spots available - 20 Students

Student

Committee Member

Professor

FILL IN A SUPER SIMPLE FORM!

Basic Information (Nationality, Student ID, Masters Track, etc)

Personality and who you are

Your motivation to join Flightcase

Your design vision and goal

3 of your best projects + your CV

PARTICIPANT SELECTION

SOME APPLICATION TIPS:

- Put in at least 1 group project you are proud of and describe your role within the team! So we have an idea of how you operate in a team.
- Hand in different types of projects.
- Stay true to yourself, we are not looking for perfect answers, but rather have a good idea of who you are as a person! → we are looking for a variety of people
- Do NOT include your name! (helps us to choose without bias)
- Be honest of what your personal goals are, if its just for credits say that.

PARTICIPANT SELECTION

**APPLICATIONS OPEN!** (Apply through the website!)

15th December | 18:00pm

APPLICATIONS CLOSE

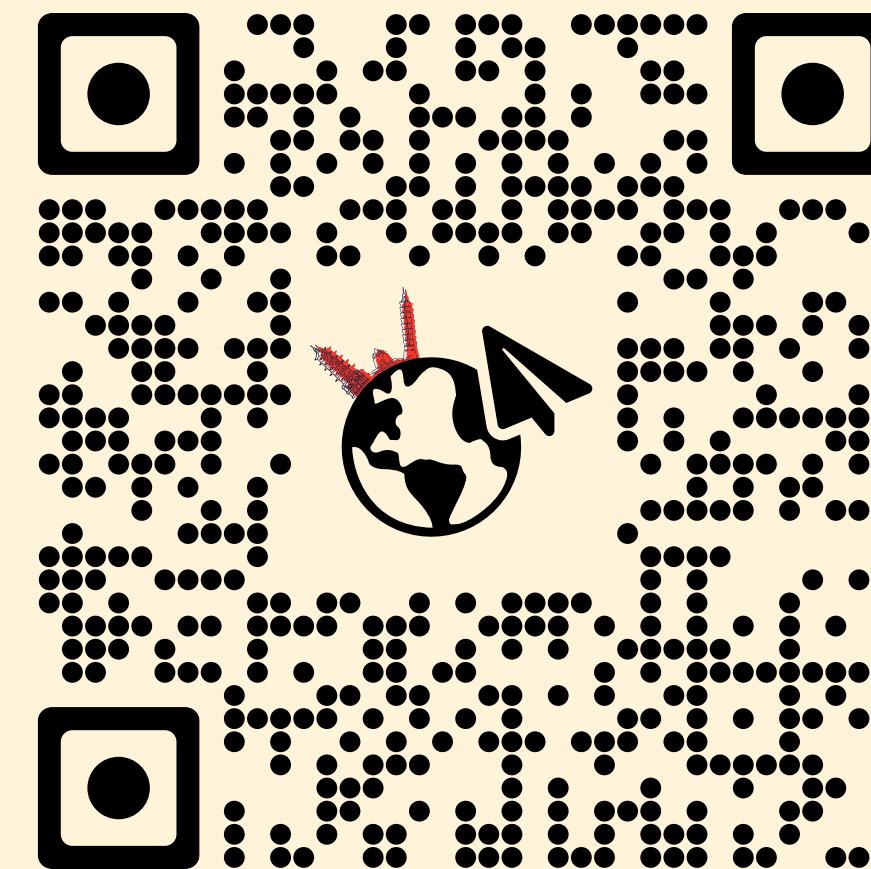

9th January | 23:59pm

PARTICIPANTS SELECTION RESULTS OUT

23rd January | You will hear back from via email!

A screenshot of a website for "FLIGHTCASE 2026". The header includes the FlightCase logo, the year "2026", and navigation links for "Overview", "For companies", "For students", and "About us". A large banner on the right side features the word "TAIWAN" in white on a red background, with flight-related icons like a plane and luggage. Below the banner, a call-to-action button says "Apply to FlightCase 2026!" in red. To its left, smaller text reads "Find all the details below." and "Deadline Friday, January 9th 2026, 23:59". A blue button labeled "Application" with an arrow points to a yellow rectangular area containing three red links: "Applicant Details", "FlightCase Application", and "Curriculum Vitae (CV)".

WHAT IS FLIGHTCOURSE??

Flightcourse is the elective subject connected to Flightcase, where you start working on the real company cases before the actual trip. It prepares you for the challenges, cultural context, and design tasks you'll tackle in Taiwan.

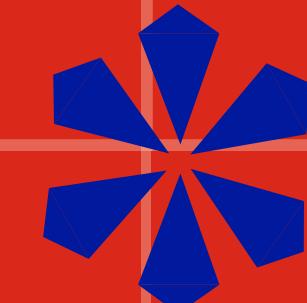

FLIGHTCOURSE - IMPORTANT INFORMATION

- The course is mandatory for all Flight Case participants.
- The course will take place during Q4 (Monday afternoons + twice Thursday afternoon)
- The course and Flight Case will be worth **5 ECTS in total.**
- In the course, we will focus on developing the actual company cases that you will continue abroad!
- During Flightcourse, the same professors who will join the Flight Case trip also coach you, guide your project work, and help you build strong foundations before flying out

IMPORTANT
INFORMATION

COST AND FUNDING

Flight Case is funded through a combination of company contributions and participant support.

How this works:

Each participant will contribute a flat amount towards their trip. Each company we collaborate with also contributes financially to the programme. Combined, these will cover the total cost of the trip. Flight Case will guarantee the basics, and if we have extra funding we may be able to cover more expenses.

COST AND FUNDING

The participant cost for Flightcase 2026 will be €1250 per person.

This covers everything you **need** for the trip, including:

- Flights
- Accommodation
- Transport between cities, to/from programme activities
- Food allowance
- Programme activities

COST AND FUNDING

Not included:

- Visas*
- eSIMs*
- Travel insurance
- Personal expenses (shopping, snacks, etc.)
- Personal trips or extensions before/after the programme

Important Information Contract

In case a participant withdraws from FlightCase after signing the contract, the participant is obliged to pay the costs which are caused by withdrawing from Flight Case.

DURING THE TRIP

What can participants expect during the trip?

- **Case Days:** Primary days focused on working with the partner company.
- **Free Days:** Open days where participants can choose their own activities.
- **Travel Days:** Scheduled only if needed for moving between cities, depending on the final itinerary.
- **Group Activities:** Possible planned visits to expos, museums, team lunches/dinners

CASE DAY GROUP DAY FREE DAY

FLYING TO TAIWAN

We will fly with a group together from **Schiphol Airport (AMS)**. It is important that you'll be there the time we mention and have all your belongings with you. If you can't make it, or are missing important documents, we will assist you but you will be responsible for yourself.

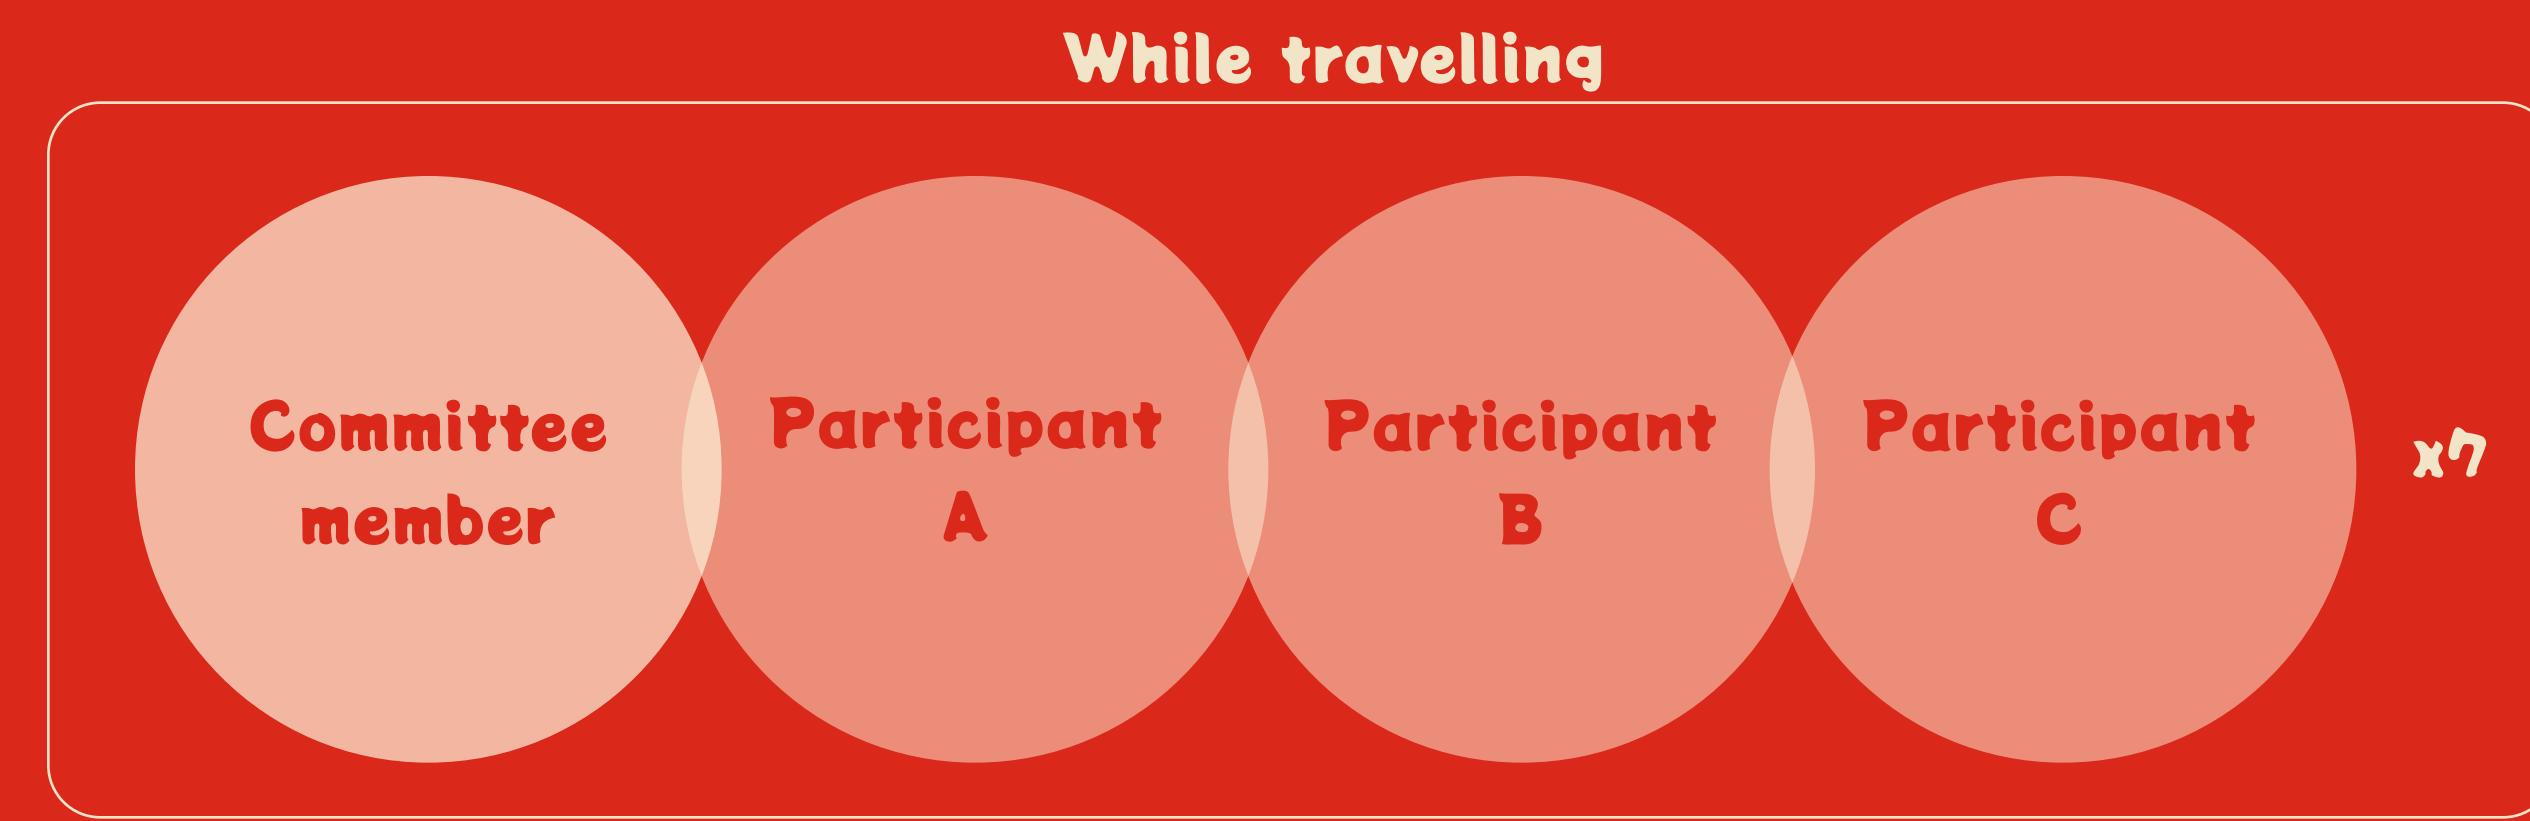

If you will come from a different country or want to go to Taiwan earlier, that is a possibility. However...

TRAVELLING WITHIN TAIWAN

Depending on the locations we will travel to, we will make different uses of transport options. These will mostly be public transport and maybe in some cases a bus. Everywhere in Taiwan is very well connected with high speed trains.

We will also work with a buddy system while travelling!

Taiwan high speed rail (max 2,5 h)

ABOUT SLEEPING ARRANGEMENTS

- Rooms for 2-4 people.
- Separation of male and female rooms.
- We make room distribution (this can change for different accommodations).
- Hotels (most likely).

VISA

- For most **EU, UK, US** citizens no visa required!
- For other around €50 or €100

Valid Passport +
Arrival Card

ESIM

Unfortunately this is not currently in our budget. We will give some tips on this during FlightCourse!

CREDIT CARD

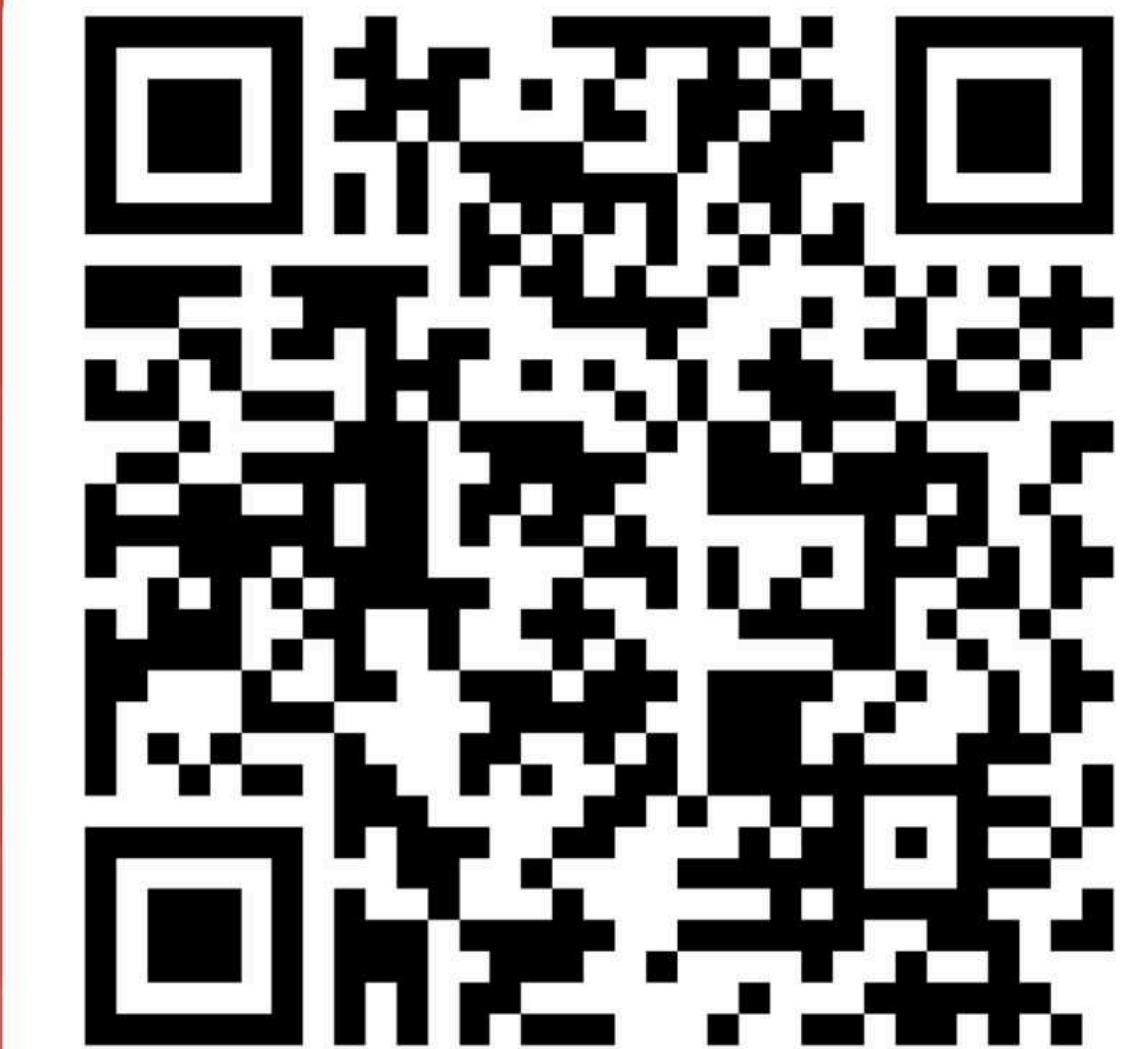

Will most likely work with **Wise/Revolut** for easy international bank transfer and currency conversion

VACCINATIONS

Non-mandatory vaccinations, however recommended are:

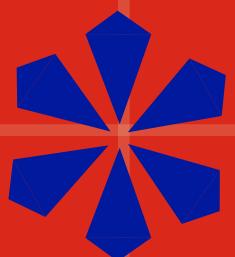

- 2x Rabies → €185
- Japanese Encephalitis → €166
- Hepatitis B → €60
- 2x Dengue → €134
